CellBlocks

Dear Mr. Brown:

This correspondence is in response to your letter dated December 20, 2017, regarding your company, CellBlocks, and the digital currency you offer. Specifically, in your letter you ask for a letter of interest to be used when you present your system to the California Department of Corrections and Rehabilitation.

CellBlocks digital currency appears to have potential for the inmate population and for the tracking of currency by personnel; however, I do not have enough information about your product at this time.

Should you have further questions, please contact Lt. A. Gonzalez, AA/PIO, at (209) 274-4911, extension 5080.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe A. Lizarraga".

JOE A. LIZARRAGA
Warden
Mule Creek State Prison
